December 6-2016

Letter of Understanding

Tom Zeuli is the authorized person to order salt for the Village of North Hudson according to the 2016-2017 DOT salt agreement. For 2016-2017 the Village is allocated for a total of 200 ton. There was no early deliver scheduled.

Load slips for salt delivered and stored at the City’s storage facility shall be delivered to the Village of North Hudson as soon as possible after the salt is delivered. The City will keep records in each of the loaders used to load the salt for the Village. The Village is responsible for keeping track of the amount of salt received from the City so that records can be reconciled at the end of the season and billing to the Village can be processed in a timely manner. Payment to the vendor shall be submitted according to their terms. For 2016-2017 Morton Salt is the vendor for the delivery of salt.

NOTE: The rate for the 2016-2017 for loading the salt will remain at \$8.12/ton with an annual administrative fee of \$12.50. In the event that the Village would have salt remaining for the 2016-2017 season, a storage fee of \$10.00/ton will be charged to the Village.

Loading of salt is by appointment only and must be requested **24 hours** in advance. The appointments must be made directly to the Public Works Department.

Kevin Soltis 715-781-2683
 Steve Anderson 715-781-3494

The loading times shall be between 6:30 a.m. and 2:00 p.m., Monday through Friday with the exception of a City snow event. During a snow event the loading of salt for the Village will not be available due to the Public Works personnel being unavailable.
